Skill	Level	Skill	Level
C	●●●●○	MongoDB	●●●●●
Java	●●●○○	Oracle	●●●●●
Python	●●●●○	DSA	●●●○○
Html/Css	●●●●●	OS	●●●○○
Reactjs	●●●●○	Git	●●●○○
Nodejs	●●●○○	Figma	●●●●●

EDUCATION

School
FathimaMatha HSS *Jun 2019 - Mar 2021*
Completed higher secondary education with an overall score of 96%, showcasing dedication and academic excellence.

B.Tech
St. Joseph's College of Engineering and Technology, Palai *Oct 2021 - Present*
Currently pursuing B.Tech in Computer Science and Engineering. Maintaining a strong academic performance with a CGPA of 7.80.

CERTIFICATION

Smart India Hackathon
2023-09-29
Participated in the Smart India Hackathon.

Google study jams pathway
GDSC *2023-10-31*
Completed a 30-day cloud challenge involving various tasks and received gifts as recognition for successful completion.

Cloud Computing workshop
NIT Calicut *2022-12-22*
Participated in a workshop at NIT's tech fest Tathva, gaining valuable insights into cloud computing and enjoying a enriching learning experience.

Employability Skills
Sjcet *2022-12-02*
Attended an employability skills workshop, enhancing my resume writing, interview techniques, communication, teamwork, and problem-solving skills, improving my readiness for the job market and

presenting my qualifications effectively.

PROJECTS

Servelink
Feb 2024 - Jun 2024
Developed a MERN stack website with Minio, focusing on intuitive and responsive UI, facilitating connections between volunteers and organizations, and contributing to backend integration, gaining hands-on full-stack development experience.

Filmshack
Jun 2024 - Jul 2024
Developed a streaming service UI, focusing on intuitive and responsive design, showcasing expertise in frontend technologies and user experience.

Stylista
Aug 2024 - Present
Developing an e-commerce site, focusing on backend development using Node.js and Express to enhance server-side functionalities, performance, and scalability.

AWARDS

YIP-2021
K-DISC *2022-01-04*
Led two teams whose ideas were selected for the final stages of a competition, ultimately reaching but not winning the final round.

C Training
IIT Bombay *2022-10-18*
Passed an exam in C programming conducted by IIT Bombay Spoken Tutorial.

Coding Camp
FreeCodeCamp *2023-10-23*
Completed and earned certificates from freeCodeCamp in responsive web design, JavaScript algorithms and data structures, front-end development libraries, and back-end development APIs. These courses enhanced my web development skills and provided hands-on experience in building and deploying web applications

Karma
Mulearn
Achieved 13,000 karma points from µLearn through participation in various activities, demonstrating my commitment and active involvement in learning and community engagement.

COURSES

Internship-Cloud,Devops&Linux
IPSR Calicut *May 2023 - May 2023*
